Dear Parent or Guardian,

As you are aware your student is enrolled in the Entrepreneurship class at Heartland Career Center. As part of this program, your student is required to spend 12 hours per week on an approved internship site. By the end of the 2025-2026 school year, your student will have accumulated upwards of 400 contact hours at his/her internship site building such skill sets as; interpersonal communication in the workplace, developing good work habits, career specific experiences and knowledge, as well as a myriad of other positive experiences.

Because this is a senior level class, and the enrolled students are required to have a level of maturity and dependability skills sometimes above that of some of their peers, there will be a **formal parent meeting with parents of class enrolled students on 8/11/25, 6 p.m. at Heartland Career Center in Seminar Room 7**. This will be a short, informative, collaborative meeting where parents will receive information, as well as to and provide input as to expectations for their students.

Please plan on attending and if you have any questions, feel free to call or email me at the above listed contact information.

Thank you,

Brian Evans
